

# Stop Risking Life on Earth

77 years after the atomic bombings of Hiroshima & Nagasaki

Ban the Bomb & Build for Peace

Wednesday, August 17, 2022, 6:00 pm

We gather to remember, to reflect  
& to renew our commitment to peace & justice.

Tondabayashi Serenity Garden  
Bethlehem

*These (nuclear) bombs were built as "weapons" for war,  
but their significance greatly transcends war and all its causes and outcomes.  
They grew out of history, yet they threaten to end history.  
They were made by men, but they threaten to annihilate man.  
They are a pit into which the whole world can fall -  
a nemesis of all human intentions, actions and hopes.*

- Jonathan Schell, "The Fate of the Earth," 1982

"Down By the Riverside"

Everyone led by LEPOCO Peace Singers ensemble

African-American Spiritual

Gonna lay down my sword and shield, down by the riverside, down by the riverside, down by the riverside;

Gonna lay down my sword and shield, down by the riverside, gonna study war no more.

I ain't gonna study war no more, ain't gonna study war no more, ain't gonna study war no more;

I iin't gonna study war no more, ain't gonna study war no more, ain't gonna study war no more.

Gonna teach peace around the world, down by the riverside, down by the riverside, down by the riverside;

Gonna teach peace around the world, down by the riverside, gonna study war no more.

I ain't gonna study war no more, ain't gonna study war no more, ain't gonna study war no more;

I iin't gonna study war no more, ain't gonna study war no more, ain't gonna study war no more.

Welcome

### **“Furusato”**

**Everyone led by LEPOCO Peace Singers ensemble**

Written by Ishigi Asada. Translation by Ewan MacColl  
Written in the years following WW II, this song spread throughout Japan.

In the place where our city was destroyed,  
Where we buried the ashes of the ones that we love.  
There the green grass grows and the white waving flowers.  
Deadly harvest of two atom bombs.  
Then brothers and sisters you must watch and take care,  
That third atom bomb never comes.

Deadly rain gathers poison from the sky  
And the fish carry death in the depths of the sea  
Fishing boats are idle, their owners are blind  
Deadly harvest of two atom bombs  
So people of the world we must watch and take care,  
That third atom bomb never comes.

## “If the War Goes On”

Everyone led by LEPOCO Peace Singers ensemble

“The Road to Basrah”

Text: John L. Bell & Graham Maule, 1997, revised 2002      Music: John L. Bell 1997

If the war goes on and the children die of hunger, and the old men weep, for the young men are no more,  
And the women learn how to dance without a partner, who will keep the score?

If the war goes on and the truth is taken hostage, and new terrors lead to the need to euphemize;  
When the calls for peace are declared unpatriotic, who'll expose the lies?

If the war goes on and the daily bread is terror, and the voiceless poor take the road as refugees;  
When a nation's pride destines millions to be homeless, who will heed their pleas?

If the war goes on and the rich increase their fortunes, and the arms sales soar as new weapons are displayed;  
When a fertile field turns to no-man's-land tomorrow, who'll approve such trade?

If the war goes on, will we close the doors to heaven?

If the war goes on, will we breach the gates of hell?

If the war goes on, will we ever be forgiven?

If the war goes on...

## “Just My Hands”

Verses sung by Marcie Lightwood & Rick Weaver

Choruses sung by Everyone

Lyrics by Alex Comfort & Staughton Lynd (with new verses added regularly); Music by Pete Seeger (1961)

**Rick & Marcie:**

Just my strength can't ban the atom bomb,  
Just your strength can't ban the atom bomb.

**Everyone:**

But if two and two and fifty make a million,  
We'll see that day come round.

**Rick & Marcie:**

Just my truth can't drown out all the lies,  
Just your truth can't drown out all the lies.

**Everyone:**

But if two and two and fifty make a million,  
We'll see that day come round.

**Rick & Marcie:**

Just my words can't calm the tide of fear,  
Just your words can't calm the tide of fear.

**Everyone:**

But if two and two and fifty make a million,  
We'll see that day come round.

**Rick & Marcie:**

Just one heart can't turn this world to love,  
Just your heart can't turn this world to love.

**Everyone:**

But if two and two and fifty make a million,  
We'll see that day come round.

**Rick & Marcie:**

Just my hope can't build a bridge to peace,  
Just your hope can't build a bridge to peace,

**Everyone:**

But if two and two and fifty make a million,  
We'll see that day come round.

## Mayors for Peace

Introduction: **Monica McAghon & Mimi Lang**

Remarks by **Mayor William Reynolds, Bethlehem**

### Responsive Reading: Who Are the Ethical Giants?

Readers: **Monica McAghon & Pam Brubaker**

**Reader #1:** This August marks the 77<sup>th</sup> year since the United States dropped atomic bombs on the Japanese cities of Hiroshima and Nagasaki. 170,000 women, men, and children were annihilated instantly and tens of thousands more were sentenced to eventual death from radiation poisoning and injuries.

**Reader #2:** American military leaders strongly dissented from the decision to use the bombs, some before August 1945, some in retrospect, for military and moral reasons. On Armistice Day 1948, Army General Omar Bradley captured the soulless militarism ruling the US government. He said, "Ours is a world of nuclear giants and ethical infants. We know more about war than we know about peace, more about killing than we know about living."

**Reader #1 & #2:** Who are the "ethical infants," the "we" who "know more about war than...about peace, more about killing than about living?" Who are the ethical infants?

**Everyone:** Not the 122 Countries that voted in 2017 to approve the United Nations Treaty on the Prohibition of Nuclear Weapons, despite heavy pressure by the nuclear nations not to do so. By August 2022, 66 countries have ratified the Treaty. Many more are in the process of doing so. This is a marathon for disarmament to outpace the insane nuclear arms race in which all nine nuclear-armed countries are upgrading their weapons.

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not the US Conference of Mayors, an influential group, representing 1,400 US cities. In August 2021 they unanimously adopted a resolution calling on Washington to embrace the Treaty on the Prohibition of Nuclear Weapons.

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not the Majority of the American Public. According to the 2020 Chicago Council Survey, the majority believe no country should be allowed to have nuclear weapons -- 54% of Republicans, 78% of Democrats, and 64% of Independents.

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not Climate Scientists. They recently committed civil disobedience, warning that we have only a few years to stabilize emissions and then reduce them in order to avoid climate catastrophe.

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not Veterans for Peace. They hold differing opinions about the roots of the war in Ukraine and the relative culpability of Russia, the US, and NATO. They are unanimous in calling for ending the conflict as soon as possible. They say, "War is not the answer -- it is mass murder and mayhem. Nobody wins in war but the war profiteers."

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not the World Food Program. Their director, David Beaseley rages against the food crisis affecting hundreds of millions in Asia and Africa -- a result of Covid, the climate crisis, and the lack of grain and cooking oil from Ukraine and Russia. He said, "The best thing we can do right now is end the damn war in Russia and Ukraine and get the port open in Odesa."

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not the Bees.

**Reader #1:**

*The bees  
Do not stop  
Collecting pollen  
When humans  
Murder each other  
With guns.*

**Reader #2:**

*The bees think:  
How strange,  
How low  
On the evolutionary scale  
Must those humans be,  
That they haven't yet  
Figured out  
How to make honey  
Or peace.*

**Reader #1 & 2:** Who are the ethical infants?

**Everyone:** Not the Trees. Trees communicate, share nutrients and water. They act to protect each other from pests and other threats by releasing repelling chemicals. Trees that connect in forests by underground networks of fungi live longer lives than isolated trees.

**Everyone:** Who, then, are the “ethical infants” who “know more about war than about peace, more about killing than about living?” Who are the ethical infants?

**Reader #1:** The Masculinized, Militarized Nuclear Nations. Among them, Russia for its resort to war against Ukraine, and the US and NATO in their determination to bring Russia down by feeding the scourge of war with billions of dollars worth of weapons to Ukraine.

**Everyone:** Who are the ethical infants?

**Reader #2:** The Weapons Industry. Public Citizen released a report estimating that military contractors' contributions to US Congressional members in 2022 “could see a nearly 450,000% return on their investment.”

**Everyone:** We know the upgrading of nuclear weapons by nine countries and the morbid fantasy of a military solution to the Russian-Ukraine conflict risk life on Earth. Only determined diplomacy, only ethical giants can save life on earth.

*The Responsive Reading is based on an essay by Patricia Hynes of the Traprock Center for Peace & Justice in Massachusetts, published at [commondreams.org](http://commondreams.org) and [portside.org](http://portside.org). The poem, “Bees,” is by Alde Solovy.*
